S03792	GIBSON	WILLIAM	C		Sapper	Royal Engineers	Survived				189 Dundas St	Grangemouth		Presented with gold watch by Grangemouth Fund.	Military Medal & Bar 1918	FH 25.1.1918 p.3b; 19.7.1919 p.8	Railway fireman.	"At Tilley, on 24th March 1918, three days after the commencement of the German offensive, it became necessary to evacuate a large number of guns and ammunition. There were about 1000 rounds of ammunition lying out in No Man's Land, and an endeavour had to be made to save it, and they were successful in effecting this and removing it all back. This operation was effected during the night. There was a driver on the engine, and Sapper Gibson was acting as a brakesman on the engine when it was run with its waggons into No Man's Land and back loaded with the ammunition." "On 2nd September 1918, at Waneburt, on the Douni offensive, when they were commandeered by the Canadian Military Corps to take the wounded to the dressing stations at Wancourt and Arras. On that occasion Sapper Gibson was in charge of the engine, and there were a large number of wounded, and during a period of 32 hours he made fifteen journeys to and from the front line to Wancourt, and then six or seven journeys to Arras. The recommendation for the Bar was made by the Canadian Major who had commandeered the men for the work."
